

## SAP That's AI Ready

### Sourcing and Procurement

#### *AI-Enhanced Decisions for Cost-Effective Sourcing and Smart Procurement*

Are you dealing with inefficient processes, data silos, and visibility black holes in your supply chain? Well, get ready and hold onto your purchase orders, because inoBrix is about to revolutionize your sourcing and procurement game with the power of SAP. Say goodbye to the days of spreadsheet sorcery and hello to AI-driven precision that'll have you sourcing like a boss and saving money faster than you can say "Why is there a yacht in the procurement budget?"

But wait, there's more! With guided buying features so intuitive, even your cousin who still uses a flip phone could make compliant purchases. And when it comes to invoices, our touchless invoice management will make your finance team weep tears of joy; it's so smooth it makes butter look like sandpaper.

So, are you ready to turn your procurement process into the envy of the corporate world? Embrace the power of SAP and watch your supply chain transform from a tangled mess into a well-oiled machine. No yacht required (but highly recommended for celebrating your newfound procurement prowess).

#### Key Features

- **AI-Powered Decision Making:** On-screen recommendations that make compliant buying so easy, even your intern could do it (but please don't let them).
- **Data Extraction Automation:** Automate the soul-crushing data entry so your team can focus on what they do best—arguing and hoarding office supplies.
- **AI-Assisted Sourcing Projects:** Learn from past successes without the embarrassment of admitting you don't remember what worked last time.

# The Impact

**Enhanced Data-Driven Decision Making:** Watch your procurement team transform from Excel conjurers to data-driven decision-making experts. With real-time analytics, you'll be predicting supplier trends faster.

**Streamlined Compliance Management:** Our guided buying feature is like having a procurement guardian angel on your shoulder. No more accidental yacht purchases, Karen from accounting!

**Global Procurement Optimization:** Navigate international procurement seamlessly with SAP's global market adaptability. From Alabama to Zimbabwe, you'll be wheeling and dealing like a linguistic chameleon.

**Significant Cost Reductions:** With all these fancy features working in harmony, you'll see cost reductions that'll make your CFO weep tears of joy.

**Advanced Sourcing Capabilities:** Tools like SAP Ariba Sourcing enable your organization to identify saving opportunities, assess market dynamics, and develop informed sourcing strategies more effectively.

# Why inoBrix?

**Expert Guidance:** We provide end-to-end support, making your journey effortless. From the first "What's this?" to the final "We did it!"—we've got your back.

**Tailored Approach:** We assess your unique environment and recommend the simplest path to success. We're not one-size-fits-all; we're your-size-fits-you.

**Industry Expertise:** Our deep knowledge in various sectors ensures that we understand your challenges and can provide effective, industry-specific solutions.

**Cloud-First Approach:** Benefit from the agility and scalability of cloud solutions, allowing you to adapt quickly to changing market.

**Ongoing Support:** At inoBrix, we're not just your partner, we're your biggest fan, offering continuous support and updates to maximize your investment in our solutions.
